(Incorporated in Bermuda)

PROFIT WARNING

The Board of Directors of CDW Holding Limited (the “**Company**”) would like to announce that the Company and its subsidiaries (the “**Group**”) are likely to report a consolidated operating loss for the first six months period ended 30th June 2019 (“**1H19**”). The envisaged consolidated operating loss (the “**Loss**”) was primarily attributable to the reduction in the gross profit caused by the overall lower utilization rate and higher material costs for the production of larger sized LCD backlight units and the increase in share of losses of an associated company. Details of the Group’s financial performance including the Loss will be disclosed when the Company finalises and announces its unaudited consolidated financial results for 1H19.
